#### Operation Close Pass

After originally refusing to implement Derbyshire police will now be rolling this out. Cycling groups have been asked to pass on their thoughts. AM read out Derby Cycling Group's comments which we generally agreed with. Compiled a list of potential roads to concentrate on. AM will pass on.

#### Derbyshire Strategic Cycle Plan

Map and list of routes passed around for comment. Meeting felt that there was a lack of east - west routes. Connections to Sheffield and East Midlands airport could be shown. Perhaps to much emphasis on leisure routes. AM will reply from the Campaign in support but members are urged to reply themselves.
