Minutes of last meeting - accepted

Matters arising - *No meeting with Jim Seymour (DCC) has been arranged.*

Membership report - *251, thank Jason Dent for delivering membership renewals.*

Treasurer report - *£3888.05, suggestion that the Campaign funds public bicycle pumps.*

Secretary report;

Avenue site - barriers too narrow, no signage.

Whit Moor to Peak Resort - plans received, initial feedback is that we can't agree to how the side roads are crossed and there is no controlled crossing of Broombank Road shown.

Unstone to Dronfield - decision meeting expected in October.

Arkwright site - routes across the site which were supposed to be adopted haven't been and farmers challenging cyclists using them.

Hulleys bikes on buses - Hulleys issued a statement saying bikes were welcome on all their buses. AM asked for clarification and was told only one 'small' bike per bus, must be clean and buggy's have priority!

CBC complaint - Gates installed to allow access into QP from HVT. Staggered gates adjacent to Park Road have been locked again!

Members news;

AM reported leading the FNR because Paul Gregory had been knocked off his bike.
