# Exploring Greenways

Whether you just want to get away from it all for an hour, are planning a car-free weekend with the kids or are looking for an alternative holiday destination, the Phoenix Greenways are here for you to enjoy. Walkers, cyclists, disabled users, people with prams and horse riders can enjoy the all-weather surfaced paths in some of our finest countryside.

## Enjoy Safe Greenways

**Shared paths:** Be aware of, and considerate to, other path users you meet. Cyclists, please give way to walkers and horse riders, slow down and warn of your approach. Maintenance or agricultural vehicles sometimes use these same routes.

**You should wear:** Appropriate clothing for your activity and the weather - see and be seen!

**Highways crossings and road safety:** Where Greenways cross main roads, use the crossing points provided. In some places there are official crossings, but not at every road. Always exercise care when crossing any roads.

**Easy access surfaces:** Greenways are generally level and surfaced. Gradients are kept to a minimum and there are rest places and benches at numerous locations. Entrance structures are designed to discourage motor bikes and other unauthorised access but enable most wheelchairs and mobility scooters access to the routes.

**Plan your route:** These trails also link to the wider network of Public Rights of Way, as shown on the OS Explorer maps 269 and 270.

# Places to Visit

The Phoenix Greenways are an excellent way to discover some of Derbyshire and Nottinghamshire's most beautiful landscapes. Whether you come for the day, a weekend or a longer stay, there is plenty for all the family to do, visit and explore.

## What else can you discover within 10 miles of the Phoenix Greenways?

Take a look at one of the many historic halls and houses in the area, try the magnificent Elizabethan Hardwick Hall, or see the Discovery Centre in Bolsover Castle. Delve into the ice age at Creswell Crags, or take a trip to the Major Oak and explore Robin Hood Country.

Famous author D. H. Lawrence based many of his novels locally. Old Teversal village, once owned by Lord Carnarvon, who helped discover the tomb of Tutankhamun, is said to be where Lawrence based *Lady Chatterley's Lover*, which also has links with nearby Sutton Scarsdale Hall.

For more stories of local history and heritage brought to life, look at [www.hidden-gems.org.uk](http://www.hidden-gems.org.uk) for a series of eighteen **downloadable audio trails** set in surrounding towns and villages.

When you want a break from countryside and culture you can always indulge in a little retail therapy. Explore The Shambles in the historic market town of Chesterfield, or look for bargains at the East Midlands Designer Outlet, just off the M1 at Junction 28.
